

CPSC 351 — Assignment #2

How to Submit Your Assignment

This version of this document includes updated information, following the granting of a general extension for the second stage of this assignment.

Assignment #2 is to be completed by groups of either three or four students. As described in the assignment, each group is expected to complete a required **first stage**, by 11:59pm on Wednesday, November 1. An optional question can be completed by each group in a **second stage**, while remaining questions make up a *required* part of the **second stage**. A **general extension** for the second stage has now been requested and granted, so that the due date for the “second stage” material is now 11:59pm on Tuesday, November 14.

First Stage

A dropbox, “Assignment #2 — First Stage”, is now available on D2L. Each group is required to use this dropbox to submit their answer for this part of the assignment, as a PDF file named

a2_s1.pdf

on or before 11:59pm on Wednesday, November 1. As the assignment states, ***no extensions for this part of the assignment will be granted*** and no material that has *not* been submitted, using this dropbox, will be accepted.

Recommendation: Pretend that the deadline is (at least) two days earlier, in order to avoid losing the marks for this part of the assignment because something unexpected happens at the beginning of the week when this part of the assignment is due.

Second Stage (Optional)

A dropbox, “Assignment #2 — Optional”, will be available on Thursday, November 2 — the day after the first stage of this assignment is due. If a group decides to complete the optional part

of the second stage of the assignment then they must do this by submitting a PDF file named

a2_optional.pdf

using this dropbox on or before 11:59pm on Friday, November 10. Once again, ***no extensions for this part of the assignment will be granted*** and no material that has *not* been submitted, using this dropbox, will be accepted.

Recommendation: Pretend that the deadline is (at least) two days earlier, in order to avoid losing marks for this part of the assignment because something unexpected happened at the beginning of the week when this assignment was due.

Second Stage (Required)

Another dropbox, “Assignment #2 — Second Stage”, will also be available on Thursday, November 2 — the day after the first stage of this assignment is due. Each group must complete the required part of the second stage by submitting a single PDF with the name

a2_s2.pdf

on or before 11:59pm on Tuesday, November 14. ***Late submissions for this part of the assignment will be accepted until 11:59pm on Thursday, November 16.*** Please see the assignment for the late penalty that will be used.

Once again, no material that was not submitted using the dropbox for this part of the assignment will be accepted.
